Commonwealth of Massachusetts.

---

SECRETARY'S OFFICE, BOSTON; Feb. 19th, 1847.

*To the Speaker of the House of Representatives :*

SIR,—I herewith transmit, to be laid before the Legislature, the Abstract of the Annual Reports of the Attorney for the County of Suffolk, and the District Attorneys, required by the act of 1844 (chap. 87) to be prepared by the Secretary of the Commonwealth.

I have the honor to be,

Very respectfully,

Your obedient servant,

JOHN G. PALFREY

## Commonwealth of Massachusetts.

---

THE abstract submitted to the Legislature last year, has been taken as the model for the present. It was then thought advisable to enlarge the plan pursued in previous years, and, in addition to the general classes of "offences against the person," and those "against property," to give a list of the different crimes in each county.

Much more information on the important subject of criminal statistics might undoubtedly be collected than is here presented. But this abstract is made from the reports of the several attorneys in the Commonwealth, who have furnished all the information required by statute. (Laws, 1844, chap. 87.)

It would be interesting to know the ages of the criminals, their education, their place of birth, their habits, &c. &c. But there is no provision in the statute for securing this information in the attorneys' reports. The tables published by the Austrian and Prussian governments are very full in these particulars.

In the class of offences against the person, feloniously, are included *murder, rape, felonious assault, assault with knife, gun, &c. &c.*

The class of offences against the person, not feloniously, includes *assault and battery.*

In the class of offences against property, with violence, are included *arson, riot, burglary and larceny, and highway robbery.*

In the class of offences against property, without violence, are included *larceny, counterfeiting, &c., forging, cheating and embezzlement.*

Nothing has occurred, in the criminal business of the State,

that requires further notice than may be found under the different titles of this abstract.

Under the head of “convictions,” in the tables, are included convictions by juries and pleas of guilty.

The title of “nol pros’d” includes all cases which have been discontinued or withdrawn for any cause.

Under the head of “still pending” are included all actions that have been continued for trial or sentence, and those which have been carried up by defendants, after convictions.

The tables of costs in the Municipal and Police Courts, in Boston, were furnished by the Treasurer of the county of Suffolk.

The table relative to the convicts in the State Prison was furnished by the Warden of the Prison.

## ABSTRACTS.

## SUFFOLK COUNTY.

The Attorney for Suffolk returns but nine hundred and twenty-three complaints. Where several persons are joined in one bill, unless there is something to distinguish them, either in the verdict, or in the proceedings had upon the complaint, it is reckoned as but one indictment. But where the result of the trial is different in regard to the different persons, each is considered, in this Abstract, as a party to a separate indictment. In other cases, the report of the Attorney has been strictly followed.

Ninety-three of these cases were continued actions brought forward from the docket of 1845, and disposed of at the January term of 1846.

In addition to the amount of business referred to in the following Abstract, the Attorney reports, that he has, in the course of his official duty, attended to thirty-nine other cases in the Supreme Judicial Court, in which the Commonwealth was a party, in many of which questions of law were argued before the whole court. Some of these cases are yet to be disposed of.

Upon the application of the Governor, through the Secretary of the Commonwealth, the Attorney for Suffolk reports that he has examined twenty-six requisitions made by Governors of other States for the arrest of fugitives from justice, &c.; in each of which he gave a written opinion. He has also given written and oral opinions, at their request, to the Secretary, the Adjutant General, and the Treasurer of the Commonwealth, in several important matters.

The Attorney reports that he has paid over, to the Treasurer of the Commonwealth, the sum of two thousand and thirty-five  $\frac{49}{100}$  dollars, collected from the penalties of recognizances in criminal prosecutions, for breach of the conditions thereof, and the costs of suits thereon.

## NORTHERN DISTRICT.

This district includes Essex and Middlesex.

The Attorney says, in his report, "It will be seen that three hundred and fifty-five cases have arisen in the County of Essex, and four hundred and fifty-eight cases in the County of Middlesex. In addition to which, about one hundred cases of complaint have been examined before the grand juries of the respective counties; making a total of about nine hundred and thirteen cases; and in the investigation of which, before the grand juries, upwards of three thousand witnesses were examined.

"But one capital case has occurred during the year; the result of which was, (the charge being one of rape,) a verdict of guilty of adultery."

The Attorney has been occupied, in the discharge of his official duties, twenty-five weeks.

It will be seen that the number of cases in this Abstract, reported from Essex County, is eleven more than are stated in the Attorney's report. For the reason of this difference, see introduction to report of Suffolk County.

Owing to the obscure chirography of some of the reports, and especially the indistinctness of the figures in the tables of costs, it has been found very difficult to ensure perfect accuracy in this Abstract.

There is an error of a few cents in the general tables, which it is not thought worth while to correct, by taking the work to pieces. The result is not materially affected.
